PROFESSIONAL SUMMARY

Motivated Software Developer with hands-on experience in backend and full-stack web development. Skilled in Python, Django, REST APIs, database management, and frontend technologies. Experienced in developing scalable web applications, designing APIs, and implementing efficient software solutions.

EDUCATION

Bachelor of Computer Applications (BCA)

XYZ College, Maharashtra

2022 - 2025

CGPA: 8.5/10

WORK EXPERIENCE

Software Developer Intern

Siddesh Technologies

January 2025 - April 2025

- Developed backend APIs using Python and Django.

- Designed and managed MySQL database operations.
 - Created RESTful APIs for web applications.
 - Integrated frontend components with backend services.
 - Debugged application issues and improved system performance.
 - Used Git and GitHub for source code management.
-

TECHNICAL SKILLS

Programming Languages

- Python
- Java
- C++
- JavaScript

Backend Technologies

- Django
- Django REST Framework
- REST API
- Node.js
- Express.js

Frontend Technologies

- HTML
- CSS
- JavaScript
- React.js

Database

- MySQL
- PostgreSQL

Tools

- Git
- GitHub
- VS Code
- Postman

PROJECTS

Smart Interview Preparation Portal

Technologies: Django, Python, MySQL, React.js

- Developed an AI-based interview preparation platform.
- Implemented resume upload and AI resume analysis features.
- Created APIs for authentication, interview scheduling, and performance tracking.
- Designed database models for candidates, interviews, and analytics.

Image To PDF Converter

Technologies: HTML, CSS, JavaScript, Python, MongoDB

- Developed a web application to convert images into PDF files.
- Implemented file upload and document processing features.
- Managed backend operations using Python.

CERTIFICATIONS

- Python Programming Certification
- Web Development Certification
- Database Management Certification

STRENGTHS

- Problem Solving
- Team Collaboration
- Quick Learning Ability
- Debugging Skills
- Communication Skills
